

SatoshiJr (SATJR)

the meme heir

BNB Smart Chain (BEP-20) • 21,000,000,000 Total Supply

Introduction

The meme coin stage is crowded with copies: tamed dogs, cartoon frogs, recycled jokes. Noise is everywhere, but the essence has been lost.

SatoshiJr (SATJR) doesn't follow that script. It doesn't need a mascot to exist. It is the meme heir — the inevitable next chapter.

Here, there are no illusions of easy profit or hidden mechanics. Only radical transparency, simplicity, and a community that drives every step.

Vision & Mission

Vision. Build a recognizable meme brand that rewards early community builders and remains simple, fair, and transparent.

Mission. Leverage memes and community coordination to bootstrap attention, distribute tokens fairly, and sustain growth with clear, public rules.

- Clean docs, clear allocations, public addresses.
- Minimal complexity: one chain, one supply, simple actions.
- Culture first: memes, art, and consistent branding.
- Community incentives: challenges, contributions, and rewards.
- Iterative site/whitepaper updates with changelog.
- Open dashboards for on-chain transparency.

Tokenomics

Item	Details	Purpose
Total Supply	21,000,000,000 SATJR	Fixed cap for scarcity and simplicity.
Liquidity	40% — initial pool on PancakeSwap; target lock period for confidence.	Enable trading and price discovery while reducing rug risk.
Marketing	20% — campaigns, creatives, listings and ecosystem awareness.	Fund growth initiatives and listings without selling team tokens.
Team & Development	20% — vesting-oriented distribution for sustainability.	Align long-term incentives with transparent vesting.
Community Rewards	20% — contributors, meme contests, airdrops, and partnerships.	Reward creators and early contributors to strengthen culture.

Note: Percentages are of total supply and are designed to sum to 100%.

Vesting Policy — Team & Development:

- **Cliff:** 3 months from TGE.
- **Vesting:** Linear over 12 months after cliff (monthly unlocks).
- **Transparency:** Team wallets published on the website; unlocks are on-chain and trackable.

Quick Facts

Token	SatoshiJr (SATJR)
Chain	BNB Smart Chain (BEP-20)
Supply	21,000,000,000 SATJR
Contract	<code>0x1C4171fDCE7C9c8E1cBDe06C6d45747cB0Ef9b54</code>

Roadmap

Phase 1 — Launch

- Website live, whitepaper v1.
- Contract deployed & verified.
- Initial community setup (X/Telegram).

Phase 2 — Listings

- PancakeSwap liquidity pool (BNB + SATJR).
- CoinGecko & CMC submissions.
- Marketing ramp-up.

Phase 3 — Growth

- Community rewards & collabs.
- Content, memes, and small partnerships.
- Dashboards & transparency updates.

Phase 4 — Sustain

- Long-term meme ecosystem.
- Iterative improvements & governance ideas.
- Brand consistency and global reach.

How to Buy

1. Install a Web3 wallet (e.g., MetaMask) and select **BNB Smart Chain**.
2. Fund your wallet with **BNB** for gas and swaps.
3. Open PancakeSwap and import the SATJR contract:
`0x1C4171fDCE7C9c8E1cBDe06C6d45747cB0Ef9b54` .
4. Swap BNB → **SATJR** and confirm the transaction in your wallet.
5. Verify the token in your wallet assets list if needed.

Tip: Always double-check the contract address. Links will be published on the official website once the pair is live.
